

Business Office Call Accounting Software

Businesses Offices use CASH+ Call Accounting Software to:

- Increase Productivity
- Detect Misuse and Abuse from Administration Extensions
- Allocate Communication Costs to Specific Departments
- Provide Real-Time Telephone Cost Recovery
- Generate Revenue
- Monitor Trunk Activity to Analyze Line Requirements

Features & Benefits:

CASH+ allows you to create detailed reports to see specific facts on each phone call to each station and/ or department.

CASH+ Call Accounting Software easily allocates long distance charges to specific departments, locations or divisions.

By monitoring Trunk Activity, CASH+ Call Accounting Software provides useful reports to analyze present and future line requirements to ensure adequate staffing levels are maintained.

Organizations such as Stanford Who's Who use our software and find that it has provided them with a valuable solution for their call accounting needs.

For more information on the CASH+ Call Tracking Software from Hansen Software Corporation, please call us toll free at 1-877-795-2274.
