

## Convention Centers Call Accounting Software

### Convention Centers use CASH+ Call Accounting Software to:

- Generate Revenue with Flexible Surcharge Capabilities
- Recover Telecommunication Costs From Tenants
- Allocate Toll Calls and Equipment Costs by Department, Station or Location
- Monitor Trunk Activity to Analyze Line Requirements
- Provide Emergency and/or Custom Alert Notification
- Detect Misuse and Abuse

### Features & Benefits:

Convention Centers must manage several temporary and permanent tenants each month in addition to managing their own administrative departments. The need to recover and allocate telephone and equipment costs are a must. Numerous reports are readily available to assist you with this.

With CASH+ Call Accounting Software, all telephone activity is logged and recurring monthly charges are posted. Long distance costs are applied, and then allocated to specific departments. CASH+ efficiently allocates all telephone time and charges.

By monitoring Trunk Activity, CASH+ Call Accounting provides useful reports for analyzing present and future line requirements as well as staffing necessities.

Organizations such as Convention Communication Provisioners Inc. use our software and find that it has provided them with a valuable solution for their call accounting needs.
