Features & Benefits:

Convention Centers must manage several temporary and permanent tenants each month in addition to managing their own administrative departments. The need to recover and allocate telephone and equipment costs are a must. Numerous reports are readily available to assist you with this.

With CASH+ Call Accounting Software, all telephone activity is logged and recurring monthly charges are posted. Long distance costs are applied, and then allocated to specific departments. CASH+ efficiently allocates all telephone time and charges.

By monitoring Trunk Activity, CASH+ Call Accounting provides useful reports for analyzing present and future line requirements as well as staffing necessities.
